for while the appeal is higher legisla-  
tion will be made. It is thought that  
the Superior Court will be af-  
firmed, and the county remain as it is.  
There was special legislation on the  
case.

The constitutionality of the act in  
question is the only point at issue, as  
the facts of the case are admitted by  
both sides. Since it will likely be some  
time before the case can be heard in  
the higher court, the election day is at  
least postponed to a very much later  
date than the one settled on for next  
month. To Assemblyman Drew is given  
credit of pressing the suit to a con-  
clusion. He was assisted by Attorneys  
Webb, Short, Klette and Caldwell. At-  
torneys Lamberson, Hansen and Mil-  
ler are the lawyers for the opposi-  
tion.

## SELECTS ASSISTANT. APPOINTS FIRE WARDENS.

(BY THE ASSOCIATED PRESS.—P.M.)  
SACRAMENTO, April 29.—State For-  
ester G. M. Lill today appointed M.  
Smith of the United States Forest  
Service to be Assistant State  
Forester to succeed H. Tyler, who has  
been back into the Federal service.  
The following were named as  
Fire Wardens: George A. Lamberson,  
Diogen A. E. Lamberson, and  
J. H. Lamberson.

Two years ago the Foresters' Union  
obtained a right of way for a pipe line  
running from Oaklands to Tuleville.  
The line will be used for part of the route.  
The Union has been successful in ob-  
taining a course of this kind, and  
the line will be used for part of the route.

## GO TO HAWAII.

(BY THE ASSOCIATED PRESS.—P.M.)  
SACRAMENTO, April 29.—(Ex-  
clusive Dispatch.) A party of twenty-  
three persons, including a number of  
the most prominent of the city, left  
for Hawaii today on the steamer  
"Hawaii." The party was composed of  
the following: J. H. Lamberson, Diogen  
A. E. Lamberson, and J. H. Lamberson.

## SECRETARY TAFT.

ing culmination to the flattering re-  
ception extended to him on every oc-  
casion by his Ohio friends. The hall  
was packed to its utmost capacity.  
and more than 400 applications for  
tickets of admission to the banquet  
were declined because there was no  
room for them.

The last day of the Secretary's trip  
was full of work for him and crowded  
with receptions flattered to him, both  
as an orator and as a man.

In the morning he delivered an ad-  
dress to the students of the law school  
of Cincinnati University, where he  
still holds his position as dean of the  
law school. Later he appeared on the  
floor of the Chamber of Commerce and  
made a brief address.

## CONFERS AS TO POLITICS.

This afternoon Mr. Taft conferred  
with N. C. Wright regarding the  
Ohio political situation.

Mr. Wright told him of the position  
of leading Republicans in the northern  
part of the State.

Taunt's banquet was one of the  
most pretentious affairs of the kind  
ever seen in the city.

## PAYS HONOR TO FRANCE.

"I would like in passing to pay a  
tribute in justice to the French people  
for what they did down there has never  
been properly appreciated by the  
American people. The great danger  
of the work of this character under the  
auspices of the American people is that  
the work of construction will be under-  
taken before the work of preparation  
is completed. I do not think that the  
preparatory work of the last two years  
has been productive of anything but  
the most beneficial results."

"My visit this year was to settle the  
question of the location of the locks  
the completion of which will, in my  
opinion, mark the completion of the  
canal. It is possible, however, that the  
end of the work in the Culberr cut  
will be the end of our labors. In this  
cut there are yet to be excavated 52,  
000,000 cubic yards of earth, exclusive  
of the dredging to be done on the ap-  
proaches to the cut proper."

## MAKES DIRT FLY.

"In the nine miles of the cut there  
are now fifty-eight steam shovels at  
work and they will take out on the  
average one million cubic yards per  
month. This rate may be increased  
until we have ninety shovels at work  
and then it will gradually decline until  
it will probably be somewhat below the  
1,000,000 cubic yards per month. We

will be limited in Sacramento coun-  
ty or elsewhere. In fact, I do not know  
what is the law on the matter. I nat-  
urally presume that the case will  
come up before the Sacramento coun-  
ty Superior Court, and will be passed  
on to the Supreme Court for immed-  
iate decision. Yes, the fight will be  
made on the point stated in the op-  
inion of the Attorney General."

Mr. Mattison declared that he did  
not know until yesterday that he was  
to be appointed by Gov. Gillett, but  
that, as he had been appointed, he  
would fight the case to the end.

## EDISON RETURNS TO WORK.

NEW YORK, April 29.—Thomas Ed-  
ison, who returned to his home  
after a vacation of several weeks in  
Florida, will start tomorrow on the  
first of his new work on the new  
electric car. The inventor will hereafter  
devote his time to the purely scientific  
side of electrical work. Mr. Edison  
will in some good tunneling and  
made several fine catches. He is  
much improved in health.

## TO TEST SUBMARINES.

Under-Water Boats Will Undergo Most  
Severe Trials Ever Made.

(BY THE ASSOCIATED PRESS.—P.M.)  
NEWPORT, (R. I.) April 29.—Many  
persons interested in the coming trials  
of the submarine boats Lake and Oc-  
topus arrived here today.

The competitive tests are to be the  
most exhaustive and thorough ever  
carried on here and occupy from one  
to two weeks. The boats will be sub-  
merged for twenty-four hours with the  
board and crews eating and sleeping on  
the vessels.

## CITY OWNERSHIP FAILS.

Indianapolis Reaps Benefit of Experi-  
ment in Municipal Operation of  
Street Cleanings.

(BY DIRECT WIRE TO THE TIMES.)  
INDIANAPOLIS, (Ind.) April 29.—  
[Exclusive Dispatch.] This city, which  
owns its own street-cleaning appar-  
atus, is giving an object lesson in  
municipal ownership that is attracting  
much attention from the taxpayers.

The bond limit has been practically  
reached and there are calls for the  
general revenues as fast as they are  
collected.

## THE CITY IN BRIEF

### NEWS AND BUSINESS.

#### Car Kills Horse.

A south-bound car of the Inter-Urban Railway Company collided with a spring wagon at the corner of Sixteenth and Burlington streets yesterday morning. A horse was injured and had to be killed.

#### Unidentified Laborer Killed.

An unidentified laborer was killed at Duarte yesterday by a Southern Pacific train. The man stepped in front of the locomotive. The body was brought to this city and taken to Bessie Brothers' morgue.

#### Tells of Hold-up.

A. C. Kagle, who has offices in the Wilson block, says he was held up last night at Ocean Park and brutally assaulted and robbed. A diamond ring and an "Eber" watch were stolen. He is claiming thirty dollars, which he had in his pocket, was overlooked.

#### Falls from Street Car.

While alighting from a car at Fourth and Spring streets last night, August Lundell was thrown to the pavement and sustained bruises on the left arm and hip. His car was held up and he is staying at No. 272 South Olive street.

#### Sunday Burglaries.

A. B. Clifford of No. 210 East Sixteenth street reported to the police that his home was entered last evening and that silverware and clothing had been stolen. Another robbery was reported by L. J. Dentel No. 328 East Third street, from whom two rings were stolen.

#### Duel With Knives.

James Selager and Pedro Piarro fought a duel in a North Main street restaurant early yesterday morning. Pocket knives were drawn and the men slashed furiously at each other. Piarro was stabbed twice in the face and Selager sustained a wound in the left hand. The men were arrested and their injuries treated at the Receiving Hospital.

#### Cut at Ball Game.

A ball game at Thirty-eighth street and Santa Fe avenue yesterday resulted in something beside hits and runs for one of the spectators was taken home covered with blood from a number of knife wounds. The man is said to be James Couss, a cash and door worker. It is said that he had trouble with a female peddler about payment for a female.

#### Federal of Child.

The remains of Betsy Jane Macginnis, little daughter of Mr. and Mrs. Frank A. Macginnis, of Kansas City, were interred yesterday in Holywood cemetery after services at the Santa Fe Baptist Church. This child, who was 2 years old, was a grandchild of A. P. Macginnis, land agent of the Santa Fe railroad, and of Isaac Collins of Santa Ana. She died in Kansas City last week, the body arriving here yesterday morning. Many floral tributes were presented by family friends here and from cities in the East. Rev. Hugh K. Walker conducted the services.

#### BREVITIES.

An exhibition of the paintings of William Keith of San Francisco is now on view in the Blanchard art gallery, 233 South Broadway, under the personal charge of W. Keith, brother of Vickery, Atkins & Torrey. The many friends of Mr. Keith living in Los Angeles and Southern California generally will be glad of this opportunity to see the work of the artist.

What is under way and is expected to take each step as it is made, and to take the plot and confound the alleged conspirators. In Massachusetts Senator Murray Crane is supposed to be the anti-Roosevelt plotter, such, at least, is the news that has come to the White House, where its accuracy is not doubted.

Both Crane and Keen are said to be closely identified with the corporation interests of the states which they represent, and both have been depicted as aggressive public policies which the President has advocated. It has been generally supposed that Crane and the President are fast friends, but according to information of the most reliable character, the two are working with interests decidedly hostile to the President.

**MAYOR AND TIGER HOLD SWEET LOVE FEAST.**

McClellan and Murphy reach Agreement and Break Between Administration and New York Democratic Party Made in Healed. Leaders Now Pick the Office Filler.

[BY THE ASSOCIATED PRESS.—P.M.] NEW YORK, April 23.—An end to the contest for control of Tammany Hall between Mayor McClellan and Charles F. Murphy was announced today, following a conference between Timothy D. Sullivan and Corporation Counsel W. B. Ellison, the latter of whom represented the Mayor.

Ellison, after the conference, gave out a statement in which he said the Mayor will be free to appoint the highest class of men he could find for city offices, but that he (Ellison) will advise against the appointment of men inimical to the Democratic organization or its leaders.

Sullivan, he said, argued that only efficient men should be retained in or appointed to city offices. The Mayor will recognize the best administration, and will ask that the organization give him the support in his efforts to solve the great municipal problems which confront them. In that way it was hoped to eradicate the lines drawn between the organization and the administration.

Mayor McClellan tonight discussed his dealings with Tammany as follows:

"I have made no deal, and I have authorized the making of no deal, which alters my position in any way. It is and shall be my ambition to give to the city the best administration that it is possible. Government and factional politics will not be permitted to interfere. I take back nothing I have said concerning the management of the Democratic organization. If the elements that constitute Tammany Hall wish to harmonize on that plane, then I am for harmony. For a political peace which is so useful to my party in the city, State and Nation, I shall go as far forward as any man, but not one step backward."

## WOMEN THREATEN BOYCOTT.

Ontario Butchers Won't Deliver Meat and Housewives May Patronize Upland Shops.

The housewives of the town of Ontario have given the signal for a general uprising against the unfeeling butchers. They threaten a boycott.

Roars of rage from both sides of the conflict are heard in the columns of the town paper.

It appears that the butchers of Ontario have decided that delivering meat costs too much money. They hereafter will deliver no meat.

Walls from Ontario. "My husband has to go to work at 7 o'clock in the morning and he hasn't time to go to the butcher shop before that. He doesn't quit work in time to rush to the butcher shop before 9 p.m. Do we starve?"

Some of the Ontario women in revenge have threatened to boycott the butchers. Above, Ontario is the town of Upland where also there are butchers. These Ontario women threaten to patronize the proud butchers of Ontario come to terms.

## SANITARY PLANT DAMAGED.

New York's Garbage Will Return to Its Old Haunts at Beach Resorts.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, April 23.—[Exclusive Dispatch.] Serious damage was done to the new plant of the New York Sanitary Utilization Company, at Barren Island today, by the unloading of two of the large buildings, causing a greater part of them to sink into the ocean. The damage, which is estimated at from \$50,000 to \$100,000, will be felt more fully by residents of neighboring summer resorts, as the company, by its loss, probably will be unable to dispose of city garbage, as was planned, and will have to dump it at sea.

It is believed the damage was caused by the current from Jamaica Bay, which runs strong at that point, and which undermined the wharves until the buildings collapsed. About 150 feet of the pier was carried away and part of two new buildings. The larger one, 100 feet long, contained a steel tank digester, the compressors and other machinery for the disposal of garbage. One-third of the machinery was lost.

## POSSE SEEKS FIEND'S LIFE

Will Avenge Men's Attack on His Own Sister.

Mob Scours Country for Iowa Desperado.

Threatens to Lynch Him If Captured Soon.

(BY DIRECT WIRE TO THE TIMES.)

ALBIA (Iowa) April 29.—(Exclusive Dispatch.)—A posse of several hundred men have spent the day scouring the woods in the south part of Union county in search of Frank Baisden, who last night committed a heinous crime upon his own sister and then, securing a revolver and rifle, left, declaring he would kill the first man who attempted his arrest.

The community is in a high pitch of excitement. Baisden, who is known to be a hard character, went to the town where he has been living with his sister, Lucy, pending the disposition of the property, which has been a situation since the father's death. Following the assault, Lucy Baisden, a young woman, drove five miles to the town and then to the sheriff's office to report the crime.

The posse, which is composed of men from the surrounding towns, is scouring the country for the desperado. It is believed that he is somewhere in the hills near the town of Albion.

It is expected that the posse will capture Baisden within a few days.

There is a threat of lynching if he is not captured soon.

CRIES OF WIFE BRING POLICE TO THE RESCUE.

Mrs. Clain's Injuries Slight, but Death Narrowly Escaped, Say Officers—She, Husband, Young Woman and Child Arrested—Little Girl Makes Grave Charges Against Man.

Knocking on the prostrate form of his wife, E. J. Clain, of No. 1121 Central avenue was seized by two officers as he was in the act of driving a knife into her breast last night. Cries of the frightened woman led the police to break in the door. Mr. and Mrs. Clain and Mary Coyle are held on the charge of disturbing the peace, and Lottie Coyle, 14 years old, is in the Detention Home.

When the officers heard the screams they knocked on the door of the house. No one answering the summons, they forced an entrance.

Studdled in a corner of the front room the officers found a young woman and a girl. They were much frightened, but managed to direct the policemen to a bedroom, where they found Clain and his wife. He had buried her back on the bed and was choking her with one hand while with the other he had inflicted several wounds. The woman was quickly rescued.

The officers learned that the trouble had been caused by Miss Coyle, Clain's sister, reviving the attentions of a man he did not like. Clain is a cook, and when he returned home yesterday he found that the objectionable man was calling on his sister. Clain attacked the man, but, after tearing his vest off, allowed him to escape, it is said.

Trouble between Clain and the family continued during the remainder of the afternoon, neighbors told the officers, and about 9 o'clock Clain began to beat his wife. Finally he drew a large pocket knife and used it. Mrs. Clain was only slightly cut.

When the officers saw that the members of the family seemed to enjoy their quarrels, and were about to turn against the officers themselves, they took the adults to the City Jail and sent the child to the Detention Home.

The child made grave charges against Clain. She declares that she has been the victim of his brutality and that no one attempted to protect her. Miss Mary Coyle and the child are sisters.

PONG HONG CONFESSES.

Chinese, Accused of Theft of Watch and Other Articles Admits He Took Them.

Pon Hong, an Americanized Chinese, was arrested last night by detectives on a charge of grand larceny. W. J. McMillan, proprietor of the Venice saloon, at Seventh and San Pedro streets, accuses Hong, who had been employed as a porter, of stealing a \$250 watch, a chain, a revolver, and a quantity of clothing in the past month. The police recovered most of the property.

The officers were notified by McMillan that his revolver was missing yesterday. After working on the case for a few hours, they located some of the missing property, which was stored in a room at the rear of the saloon. Upon arresting the Celestial, he was set upon. The money belonging to the Mexican is missing.

FALLS IN THEATER.

Falling from a wall, which he had been scaling, George McNabb of No. 347 Berton Court, Pasadena, dropped twelve feet upon the stage of the Unique Theater last night, and sustained a fracture of the right arm and leg. McNabb is a member of the Woodmen of the World drill team. The society were giving a performance at the theater, and when McNabb attempted to scale the wall in the excitement, he fell upon the stage. McNabb was removed to the Receiving Hospital and later moved to a private hospital.

JUST JOSTLED JOOST?

Fred Joost was arrested on a disturbing-the-peace warrant sworn to by A. Ginsberg, at No. 619 North Main street, last night. Joost says that he and Ginsberg became involved in a quarrel, and the latter jostled Joost from the sidewalk. Joost insists that the warrant is the result of spite.

MEXICAN ASSAULTED.

L. Ballonier, a Mexican laborer, was found at the rear of a saloon at No. 312 North Main street last night, with his trousers liberally slashed to pieces, and a deep wound in his forehead. Ballonier was sent to the Receiving Hospital, and N. Kelly was arrested on suspicion of having committed the assault. The Mexican was intoxicated. He says he went into the yard of the saloon to sleep. He remembers that some one awoke him, and demanded \$25. The Mexican says that when he refused to give the man the money, he was set upon. The money belonging to the Mexican is missing.

FRIENDLY BOUT, HE SAYS.

A man giving the name of Dr. C. H. Hallock, and claiming to be a dentist of No. 1745 New England street, became involved in a fight in a rooming-house near Hill and Fourth streets last night, and was arrested on the charge of disturbing the peace. The man was under the influence of liquor. He declares that he was only indulging in a friendly bout with a man. The man was released on bail.

NO BLAME FOR POSEY.

John Posey, Jr., who drove the auto that killed little Helen Titus Sunday night, will not be prosecuted. The coroner will hold an inquest on the body of the baby girl this afternoon, but it is almost certain that a verdict of accidental death will be rendered. The funeral of the child will occur from the family home, No. 444 Workman street, Wednesday morning.

BARFOOT MYSTERY.

Puzzling Circumstances of Theft of Cash from House on South Broadway Street.

The latest feat of the barefoot burglar makes the police believe he is a ghost. Mrs. D. G. Locke of No. 3521 South

## THE CITY IN BRIEF

### NEWS AND BUSINESS.

#### Druggist Gets License.

The Board of Supervisors yesterday voted to issue a druggist's permit to sell liquor to N. L. Erickson at Watts. Burbank District Sets Bridge.

The Board of Supervisors yesterday voted to construct a twenty-foot bridge across the water course on Magnolia avenue, in the Burbank road district, to pay for the same out of the fund.

#### Oil Wanted.

Board of Supervisors will advance \$100,000 for the delivery of 5000 barrels of oil at Norwalk, for the purpose of testing the same. Specific call for oil of 50 gravity and not asphaltum.

#### Will Be Sold.

A deer, supposedly a son, was shot by a hunter named Jack. The animal was perched by a hunter named Jack. The animal was perched by a hunter named Jack.

A \$1000 bond issue of the Redondo district, received by the Board of Supervisors, yesterday. School district with much favor in investors and there is likely to be lively bidding for these securities.

LaFollette Pleaded. Victor Hecht and Joseph Martin of the Redondo district, yesterday, pleaded guilty to the charge of conspiracy to defraud the Board of Supervisors.

Salaries Are Raised. About fifty employees of the county at the County Farm, County Hospital, Detention House, Courthouse and elsewhere were given increases of salaries yesterday by vote of the Board of Supervisors. In most cases \$10 a month, though in some from \$20 to \$25.

The employees claimed that the increased cost of living would not permit them to continue in the employ of the county at the present salaries. Garvanus Will Forego.

The annual meeting of the Garvanus Improvement Association will take place this evening in Miller's Hall, on Pasadena avenue. A pleasing program has been arranged, which will include musical numbers and an address by Mayor Harper and short talks by City Attorney Hewitt, Councilman Dromgold, City Clerk Leland, County Supervisor Patterson and County Assessor Ward. After the program and business meeting refreshments will be served and there will be a general social hour.

Protection District Proposed. Twenty-five residents of Long Beach district have petitioned the Board of Supervisors to take steps toward establishing the Northwest Long Beach Protection District, for the purpose of improving and rectifying the Long Beach River in that section up to the northern line of the city of Long Beach. The petitioners claim that the river should be southerly. The District Attorney and County Surveyor will make reports before further action by the Board.

May Weather Data. A compilation of the records of the Los Angeles Weather Bureau for twenty-nine years shows for May a mean temperature of 63 deg. The average precipitation for the month was .51 inch. The greatest precipitation for the month was 2.46 inches in 1892. The least was none in 1886. The average number of clear days for the month was 10, and of partly cloudy days 15. The prevailing winds were from the west. The average velocity was four miles per hour. The highest velocity was 35 miles per hour, from the west, on May 1, 1904, and May 2, 1905.

BREVITIES. Visiting Shriners. Friends at home will want to know what a lovely time you are having in the oasis of Los Angeles, amid the orange groves and the flowers. The Times will daily print detailed accounts of the big "doings." For 20c every day during Fiesta week, including the great special Fiesta-Shriner Number, to be issued May 12. Orders may be left at any newsstand or at The Times office, corner First and Broadway.

## THE CITY IN BRIEF

### NEWS AND BUSINESS.

#### Druggist Gets License.

The Board of Supervisors yesterday voted to issue a druggist's permit to sell liquor to N. L. Erickson at Watts.

#### Burbank District Sets Bridge.

The Board of Supervisors yesterday voted to construct a twenty-foot bridge across the water course on Magnolia avenue, in the Burbank road district, and to pay for the same out of the general fund.

#### Road Oil Wanted.

The Board of Supervisors will advertise at once for the delivery of 500 barrels of road oil at Norwalk for the use on roads in that district. Specifications call for oil of 29 gravity and 9 per cent. asphaltum.

#### Dear at Echo Park.

A large deer, supposedly a doe, was seen at Echo Park about sunset last night. The animal was pursued by Officer Chickenshead, Roy Colburn and Clarence Carle. It ran out Sunset boulevard way and was soon lost sight of.

#### Bonds Will Be Sold.

The \$25,000 bond issue of the Redondo school district, recently voted, was ordered advertised for sale by the Board of Supervisors yesterday. The bonds meet with much favor with investors and there is likely to be lively bidding for these securities.

#### LaFollette Pleaded.

Victor Hecht and Joseph Martin of the Polytechnic High School board of control succeeded in getting Senator LaFollette of Wisconsin to address the students yesterday afternoon. The senator was delighted with the boys and girls and he is to be congratulated for being so inspired by an audience of that kind.

#### Salaries Are Raised.

About fifty employees of the county at the County Farm, County Hospital, Detention Home, Courthouse and elsewhere were given increase of salaries yesterday by vote of the Board of Supervisors. In most cases \$10 a month, though in some from \$20 to \$25. The employees claimed that the increased cost of living would not permit them to continue in the employ of the county at the present salaries.

#### Garvarians Will Forgo.

The annual meeting of the Garvarian Improvement Association will take place this evening in Miller's Hall, on Pasadena avenue. A pleasing program has been arranged, which will include musical numbers and an address by Mayor Harper and short talks by City Attorney Hecht, Councilman Dromgold, City Clerk Leland, County Supervisor Patterson and County Assessor Ward. After the program and business meeting refreshments will be served and there will be a general social hour.

#### Protection District Proposed.

Twenty-five residents of Long Beach district have petitioned the Board of Supervisors to take steps toward establishing the Northwest Long Beach Protection District, for the purpose of improving and rectifying the Los Angeles River in that section up to the northern line of the city of Long Beach. The proposition is likely to precipitate a lively fight, as one faction wants the water to flow westerly, while another will insist that the river should go southerly. The District Attorney and County Surveyor will make reports before further action by the Supervisors.

#### May Weather Data.

A compilation of the records of the Los Angeles Weather Bureau for twenty-nine years shows for May a mean temperature of 63 deg. The average precipitation for the month was 2.1 inch. The greatest precipitation for the month was 2.06 inches in 1892. The least was none in 1887. The average number of clear days for the month was 10, and of partly cloudy days 15. The prevailing winds were from the west. The average velocity was four miles per hour. The highest velocity was 35 miles per hour, from the west, on May 1, 1904, and May 2, 1895.

#### BREVITIES.

Visiting Shriners. Friends at home will want to know what a lovely time you are having in the oasis of Los Angeles, amid the orange groves and the flowers. The Times will daily print detailed accounts of the big "doings." For the Times will be mailed, postpaid, every day during Fiesta week, including the great special Fiesta-Shriner Number, to be issued May 12. Orders may be left at any news-stand or at The Times office, corner First and Broadway.

Thousands of people are wearing our eyeglasses and spectacles and only paid \$1.50 for them. Others charge you \$5.00 to \$5.00. Best A-1 porcelain crystal reading lenses in a ten-year gold-filled frame for only \$1.50. Our optical parlors are fitted up with the most modern instruments and two graduate State registered opticians in attendance. Satisfaction guaranteed. Consultation free. Free. Clara Optical Parlors, 251 So. Spring st., opposite Helman building.

An exhibition of the paintings of William Keith of San Francisco is now on view in the Blanchard art gallery, 223 South Broadway, under the personal charge of W. E. C. Vickery, of Vickery, Atkins & Torrey. The many friends of Mr. Keith living in Los Angeles and Southern California generally will be glad of this opportunity of seeing some of the best pictures the artist has ever painted. Visitors will be welcome.

J. W. Frey has moved his stock of mantels, grates, tiles and andirons to his warehouse, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass fireplace trimmings to be found in the United States.

Modern methods and moderate prices on framing high-grade pictures. J. F. Kanet Art Co., 641 S. Spring street, opposite Natik House serves best meals for \$25, or 21 meals \$25.00. Hart Bros.

Dr. Sexton has moved his offices to 420 South Broadway, Buellier Block. Children's shoe store, 204 S. Broadway. Pura D. Bonoff, furrier, 212 S. Broadway. Idyllwild opens June 15—prepare.

Both worthy and unworthy fabrics are Cravenetted. These crepe can be Cravenetted—but the Cravenetting doesn't improve its wearing qualities.

For the last three seasons we have taken specially selected Overcastings and had them Cravenetted—made water-proof—in the famous Pringle Cravenetting Plant in England. We have only used the highest class of all-wool fabrics—goods that would wear like wire and look just like a dress.

The result is that you can have confidence in Unper-Scrub Bath Coats. Made to measure—\$2 to \$20. Your next rain-proof coat should be tailor made and B. & K. should make it.

## SEES A GREAT FUTURE HERE.

Amalgamated Copper Chief Is Enthusiastic.

City to be World's Mining Center, He Predicts.

Adams Also Tells of Riches of Arizona.

J. C. Adams, general superintendent of the Boston-Montana mines of the Amalgamated Copper Company, arrived in Los Angeles yesterday after a month's tour of the mines in Arizona. Mr. Adams is accompanied by his brother, W. W. Adams, Paul Stev-

seven miles out of Benson. I saw one of the greatest showings of copper that I have ever seen, and I have been all through the Butte development. In fact, this mine, in my own opinion, will make some of the largest copper mines of Montana look to their laurels. Yet this is only one of many rich mines. There are the Calumet and Arizona, the Copper Queen, and the Greene-Consolidated, where over \$30,000,000 worth of copper is already blocked out. I tell you it is marvelous and the world is just beginning to hear of it. I think that Arizona will eventually furnish the copper for the world.

ASSUMES PROPHET'S ROLE.  
Mr. Adams declared that Los Angeles would surpass the palmist days San Francisco ever knew in the mining trade and he spoke of the ease with which mining men can now go and come from either Arizona, Mexico or Nevada.

"When I boarded a train yesterday morning," said Mr. Adams, "I was in the midst of a barren desert where no prospect was pleasing. This morning when I awakened I was speeding through orange groves and fields of flowers and was soon brought into the center of one of the greatest and most active cities in America."

Mr. Adams was the representative of

the Amalgamated Copper Company in its historic fight with F. Augustus Heinke for the control of the copper mines of Butte and vicinity.

"It is a big statement to make, but I firmly believe that Los Angeles is to become the mining center of the world," said Mr. Adams. "The gold from Nevada will come here, and the copper from Arizona. Then Old Mexico is coming to the front with some of the best mining properties in the world and the only outlet is Los Angeles. Then there are the mines of New Mexico, and Los Angeles is the objective point of this great state, too."

CITY OF ANGELS PLEASERS.  
"In all fairness to San Francisco I must say that Los Angeles is surpassing the city of the Golden Gate and her progress will continue."

In speaking of the contest between Heinke and the Amalgamated Mr. Adams said:

"It was a deplorable affair. Heinke would tunnel into our properties and then by some means get an injunction against us from working the property. This thing continued until we were compelled to meet force with force and the famous 'underground war' occurred. We tunneled and counter-tunneled. Dynamite was used and it is a wonder that men were not killed. Drifts were run for the sole purpose of blocking the other people."

In regard to the story published some time ago that copper was being stored by the Amalgamated in the city of the Golden Gate and her progress will continue."

LaFollette could not bear to go. His manager kept calling aloud to him to

## REGISTER FOR BOND BALLOT.

Thursday Last Chance for Those Not Yet Recorded in the Big Book.

Thursday-day after tomorrow is the last day for registration for the Owens River bond election of June 12. Up to and including that date, voters who have not registered since January 1 of last year may do so and then will be qualified to vote at the bond election.

Those who have moved from one precinct to another since last they registered may record their transfer of residence up to and including May 17. No additional registration is required of voters who have placed their names on the Great Register since January 1, 1906.

Those who are required to register before they can vote are young men who have reached their majority recently, voters who have just completed a year's residence in the State, ninety days in the county and thirty days in the precinct, or those who have not registered since the opening of the register in January of last year.

Room A, on the first floor of the Courthouse, the main registration bureau, is the only one that is open for the purpose.

Hotel Tangle.

Creditors' Committee of the Wentworth Hopes for Settlement Without Resort to Litigation.

Shannon Crandall, chairman of the committee of creditors of the Hotel Wentworth Company, has issued a statement announcing that no satisfactory basis of settlement has yet been reached and that it will be necessary for claimants having rights of lien to protect their interests by filing liens on the property of the hotel. A promise has been made by the hotel company, however, that it will communicate with its stockholders. It probably will be two weeks before anything definite can be determined as to the future actions of the creditors.

This delay, it is said, will not affect the rights of the claimants, but the hope is expressed that some basis of settlement will be reached without a resort to litigation.

The big Pasadena hotel was thrown open for business on February 2 and labor on the building ceased on April 3, a notice to that effect having been issued by the hotel company on April 3. The hotel now is closed for the season and Gen. Wentworth, the manager, is going ahead with his plans for opening on time next season.

## FLINT'S NAME GETS HISSES.

LaFollette Reads Out the "Railroad Senators."

Dramatic Scene in Simpson Auditorium Meeting.

Audience of Solid Men in Wild Excitement.

United States Senator Frank P. Flint's name was hissed and yowled at by an educated audience mainly of professional men who heard Senator LaFollette at Simpson Auditorium last night.

It was an intensely dramatic event.

LaFollette was telling how the "railroad Senators" smothered his rate bills; how they sat sullen and afraid to speak, growling out their votes to lay his amendments on the table.

"How did Flint vote?" cried a grim, angry voice from the audience.

"I will show you how they all voted," cried LaFollette in reply.

As he started reading them out voices from the audience cried back at him.

"Aldrich," he read.

"Standard oil," cried the voices.

"Alger," he went on.

"Embalmed beef," cried the voices, like the voices of a jury.

"Flint."

"Shame! Railroad Senator!" The noise rose to a roar of derisive yells.

Out came the clear, high voice of Senator Charles Bell of Pasadena, "I thought so. I'll use that hereafter."

"There were forty of them," shouted LaFollette.

"The forty thieves," came the yell.

The men whom LaFollette stirred to wild excitement at Simpson Auditorium last night were not of the emotional breed.

A large share of them were lawyers—big lawyers. The rest were largely heavy-weight business men. Just such a crowd as you might see at a Chamber of Commerce banquet.

LaFollette is not the man you expect from his photograph. He is little and rather stooped. His face is seamed and marked with the deep lines of care. His features are crisp-crossed and wrinkled.

Some of the greatest men—notably Napoleon—have had in their personality a suggestion of a fine and exalted femininity; so with LaFollette. Any one who has seen old prints of that gorgeously masculine woman, Charlotte Cushman, must see in LaFollette's face a striking likeness.

The first part of his address last night was rather disappointing. He seemed like a stump speaker of the typical Middle West raised to the 14th degree.

But when he got into the trusts, it was a verbal slaughter—a massacre with statistics for weapons.

The man absolutely staggers you with facts; he strangles you to death with cold-blooded ciphers. Nothing need be said of the hidden powers of oratory which can array census report extracts in such fashion as to bring an audience, like that to its feet yelling gallery boys.

LaFollette could not bear to go. His manager kept calling aloud to him to

## NO WARRANTS FOR JUSTICES.

NEW TOWNSHIP OFFICERS FACE FIGHT FOR SALARIES.

Auditor Will Be Notified to Withhold Demands for Payment of Their Compensation—Mandamus Proceedings, Throwing Matter Into Court, to Test Constitutionality.

There won't be any envelope for Township Justices Summerfield and Selph when they step up to the County Treasurer's window next Monday to draw pay for their first month's services on the bench. They will have to fight for their salaries. Litigation may be long drawn out. They may never be paid.

A taxpayer was to have served notice yesterday on County Auditor Dow, warning him not to issue warrants for the payment of the justices' salaries. The notice was not served, but it will be today, it is said. The Auditor says he will respect the notice. He might lose heavily if he failed to do so.

With their salaries tied up, it is expected that Summerfield and Selph will mandamus the Auditor to issue the warrants. This will take the matter into the Supreme Court, where it will be today, it is said. The Supreme Court decision in the case is expected to uphold the contention that the Legislature "slipped a cog" in creating two additional Township Justice courts and in placing all the justices on salary.

One of the members of the last Legislature, after reading the Supreme Court decision in the Kern and Fresno county cases, declared yesterday that the present law will not hold.

The fight is not to oust Justices Summerfield and Selph from their positions. It is against a change from the fee to the salary system, and it is supposed that Justices Pierce and Stephens, elected under the fee system, are back of the movement, although their connection with it does not appear.

Should it be decided that the Legislature erred in making the change, the new justices might remain in office, but they would have to be satisfied with such fee crumbs as they might pick up. But the picking during their first month's incumbency has been extremely light.

It is said that the fees collected in Justice Summerfield's court in the month have amounted to less than \$150, while those in Justice Selph's court were not one-half that amount. Yet these officials are paid \$120 a month apiece by the county, and the expenses of maintaining their courts have been almost as much more, so that the county is out several hundred dollars on the experiment.

Fees collected by Justice Pierce for the month amount to about \$400 and by Justice Stephens probably \$500. Their courts are well established and the business naturally flows to them.

Neither Pierce nor Stephens has reported to the county on the fees they

collected in March, although the new law became effective on the 11th of that month. It is said they will make no report on the April fees until the courts decide that they must.

It is said the Legislature made its mistake in creating four Township courts, instead of one court with four departments.

WOMEN OF THE WHITE FEZ.

Daughters of Isis Will Have Big Class Initiation Tomorrow Night at Venice Auditorium.

The Daughters of Isis will not be far behind the Shriners with the number of candidates for their big class initiation at Venice tomorrow night. At least 200 candidates will be presented; probably the number will far exceed this.

The novices will be initiated into the mysteries of Isis in the Venice Auditorium. This organization is the ladies' auxiliary of the Nobles of the Mystic Shrine, and this will be the last ceremonial session before the sitting of the Imperial Council in Los Angeles next week.

The initiatory ceremonies at Venice will be followed by a grand ball in honor of the Imperial Potentates. Candidates are to be at the auditorium by 7 o'clock tomorrow evening, at which time the caravan will move.

MILK-PAIL PERSUADER.

Citizen of Germany Seeks Twenty Thousand Dollars for Alleged Injuries.

Because, as he avers, he was struck on the arm with a metallic milk pail, commonly known as a tin pail, Louis Gross, who is a citizen of Germany, has filed in the United States Court a suit for \$20,076 damages against Frank M. Jones, who is of the hamlet of Patata, which is in the county of Los Angeles.

Of the amount demanded, \$10,000 is for alleged injuries sustained in contact with the milk pail, \$10,000 is for battery, and \$75 is for doctor's fees expended in having his arm fixed.

Gross sets out in his complaint that he was engaged in a debate with Jones, and that the latter used the milk pail in driving home his argument, breaking the left forearm of Gross and otherwise injuring him so severely that he has been unable to do any work since March 14.

## THE PUBLIC SERVICE.

### SUMMARY OF THE DAY.

Through the medium of a phantom report four Councilmen said they were tricked yesterday into voting for a street assessment in the Sixth Ward to which they were all opposed; they charge Minute Clerk Carroll of the Council with sharp practice.

Councilmen returning from the Owens valley declined to tackle any liquor legislation yesterday until they have worn the tan off; action on the Mayor's veto of the wholesale liquor ordinance was deferred for one week.

City Engineer Hamlin sent to the Council yesterday ordinances of intention for the improvement of 100 streets; as report in a record breaker.

Acting on the advice of the City Attorney the Council declined to sell a franchise yesterday for developing water in the shoeing.

Train dispatchers testified yesterday in the examination of Conductor Humble and Engineer Kelly, who are charged with manslaughter, that "Tower No. 1" is not officially designated in Santa Fe records. The prosecution rests its case and the defense will not offer evidence.

Rev. M. L. Huston, his wife and his mother-in-law were arrested in the Police Court yesterday on the charge of disturbing the peace. The case against the minister was dismissed but the women were fined \$10 each.

G. W. Kennedy was convicted of battery yesterday and fined \$25 by Justice Frederickson. His wife testified that he, in a jealous rage, was cutting up her gown to keep her at home.

### AT THE CITY HALL.

## PADDED REPORT STIRS COUNCIL.

### FACTIONAL FIGHT OVER STREET ASSESSMENT.

Loose Claim They Were Tricked by Minute Clerk and Threaten Court Proceedings — Police Judge Pierce Turns Philanthropist, but Says He Isn't Appreciated.

Hurrying through with the largest days work in its history, the Council yesterday afternoon in an assessment district for East Forty-first street, creating a bruise which only the courts can heal. In the morning there was a wordy battle between Justice Frederickson and Attorney Adams over the assessment; the Council was divided, four votes on each side, with the odd legislator missing.

Lyon moved that action be deferred for one week and that the Council Committee of the Whole and the Board of Public Works meet Saturday morning to consider the assessment. The Pierce faction understood that this motion prevailed. Judge Pierce returned to court and by them the incident was forgotten.

Attorney Adams, discovered during the noon hour that Lyon's motion was not recorded by the Minute Clerk. He rallied Dromgold and Yonkin and the trio succeeded in getting part of the assessment district included in the City Clerk's report. This was read at the afternoon session along with its routine motions and ordinances. Every Councilman voted for the confirmation of the assessment.

Too late Councilman Wren discovered what had occurred; then he found that minute clerk Carroll had read into the report something that was not there in order that a roll might be called to confirm the assessment.

The four Councilmen who voted for a readjustment of the assessment left the City Hall, determined to secure a reconsideration next Monday; and Judge Pierce's friends say that, failing this, they will appeal to the courts to have the whole procedure set aside by reason of alleged trickery in securing a confirmation of the assessment.

City Clerk Leland said last night that he knew nothing of the transaction. "I was not aware that the Minute Clerk is in the habit of adding sections verbally to his reports without first securing my approval," he said. "It is decidedly irregular, to say the least."

Then he summoned Minute Clerk Carroll to his office and asked to see his (Leland's) report. Carroll brought the type-written document. A final section has been tacked on containing a reference to Forty-second street. The Minute Clerk admitted that he made up the section while reading the report and that the type-written slip was prepared and brought up from the Clerk's office later at his request.

"That has no place in my report," said the City Clerk. "It could have been offered at best but as a supplemental report. I cannot permit my reports to go to the Council in that shape."

But the Adams faction says all this is ancient history; the action of the Council is not invalidated by a padding report. Four votes could have prevented the establishment of the assessment district, but it required the votes to undo what has been done and Adams controls four votes.

Minute Clerk Carroll says that he did not improvise a section to his chief's report in the interest of any faction; he was simply trying to hurry along a street improvement that has been hanging fire for nearly four years.

Politics appeared to play a prominent part in the assessment controversy. Proceedings are pending for opening Forty-first and Forty-second streets from Central to Hooper avenues. Judge Pierce donated rights of way through his lot for the streets. Now he finds that his lot is assessed in all \$5000 for the street opening. His neighbors made no donations and their property was taken by condemnation; they are to get back about enough in damages for what Pierce gave free to pay their assessments.

The veteran Police Judge fails to see why he should pay \$5000 for an improvement which his neighbors get scot free and he raised a howl that fairly made the windows of the Council chamber rattle.

Councilman Wren exposed Pierce's cause. He said the assessment looks unfair on its face and he wanted the Council and the Board of Public Works to investigate before taking final action.

Assessment Clerk Schreiber explained the assessment to the Council from the point of view of his office. The court filed a decision against Adams and the Council the district, he said. "I can neither after the court's award nor go into the district," he said. "I can take no cognizance of the fact that Judge Pierce gave his lot and his neighbors insisted on the pound of flesh. I have submitted to you an assessment based on the ad-

vantages accruing to the property from the improvement."

The only official protests before the Council were from Sherwood and Rankin. Judge Pierce permitted the time limit to expire before he filed his written appeal. Both the protesters receive damages for property condemned.

A motion to deny the Sherwood protest lost; two attorneys appearing for unnamed clients talked against it. Just as the Council was preparing to modify the assessment Sherwood appeared in person and asked to withdraw his protest. He said he is satisfied that the street shall go through.

Judge Pierce heaved that this was a part of the game, most of the money he says Sherwood gets in damages. At this point the motion was made to defer action for one week. It was followed closely by a motion to adjourn. Minute Clerk Carroll says he did not hear a second and consequently the motion to defer action was not put.

Lyon, Healy and Clamptis declined last night to believe they had confirmed the assessment until they went to the Clerk's office and read the padded report.

"It is a trick which the Minute Clerk put up on us," declared Healy. "We know we voted to open the street, if it wasn't a trick he would have told us it was the Pierce matter when he read the report."

"Things are coming to a pretty pass when we cannot trust our own Minute Clerk," added Lyons. "I made the motion for it to go over a week and I understood that the motion carried; it was just before we adjourned. Carroll knew that we wanted that assessment to go over, yet through a subterfuge it carries by the aid of our votes, without them it could not have gone through."

### WANTS WATER FRANCHISE. PRIVILEGE NOT FOR SALE.

City Attorney Hewitt advised the Council yesterday not to accept the bid of the Gold Standard Investment Company for a franchise to maintain a water system in the shoeing.

A part of this new district is not supplied with water by the water department. Four weeks ago the Gold Standard Company asked the Council to advertise a franchise for maintaining a small water system in the district. Bids were opened yesterday and the petitioner was the only bidder.

The consideration offered was \$50. Mr. Hewitt said that, in his opinion, it would be unwise for the Council to sell a franchise for a private company to develop and deliver water inside the city limits. The franchise might open the way for a water controversy.

Attorneys representing the Gold Standard said that all the company wants is the water, it would maintain the system and deliver water to the district; but, if the city will not, why, some way would be provided by which the people may help themselves.

Mr. Hewitt promised to assist the attorneys for the company in working out a plan for a permit which will allow the development for water along the lines asked for, but which will not appear as a vested right.

### New Streets Galore.

City Engineer Hamlin broke at records for the engineering department yesterday when he sent to the Council specifications and ordinances of intention for "street improvements." The engineering department is working under rush orders, and the streets are now coming forth faster than they can be cared for by the Council.

Present indications are that all former requests for street improvements will be broken by the end of the municipal year.

### COUNCIL WARY.

DEFERS LIQUOR LEGISLATION. Mayor Harper's veto of the wholesale liquor ordinance failed to win a response from the Council yesterday. When the measure was read action was deferred by common consent for one week. There was no discussion of the merits of the ordinance or the veto.

All petitions and protests concerning the liquor zone were laid over for a week's consideration. Three ago the Council passed an ordinance limiting wholesale liquor stores to the saloon zone. The liquor men protested that the ordinance would cut out of business twenty-three wholesale establishments outside the present saloon limits.

Sustaining the protests of the liquor men, Mayor Harper vetoed the ordinance. The ordinance had veto is now before the Council again for consideration.

The agitation for a liquor zone commenced by L. Bottler west of the Third-street tunnel. The Crown Hills Improvement Association protested. In this they were joined by citizens in a number of other parts of the city who were opposed to the wholesale liquor store in their neighborhood.

Bottler has opened his store and is prepared to fight for his license. Testimony was taken at a trial yesterday. The Councilmen asking that Bottler be permitted to continue in business.

Discrepancy in the number of names it contained more than 250 names. A reporter asked permission to publish the names and the list probably turn up again when the Council considers the Mayor's veto measure.

### STUDENT TRAIN CRASH CASE NEARS END.

Defense Will Offer No Evidence. Train Dispatcher Explains About Mysterious "Tower No. 1," of Which, He Says, No Record Appears on Charts or Time Cards.

Two train dispatchers were the chief witnesses yesterday in the examination of R. W. Kelly and V. Humble in Justice Frederickson's court on the charge of manslaughter.

Trick Dispatcher Monroes, who sent the order to Conductor Humble and Engineer Kelly of the Santa Fe Overland, to meet the student excursion train at Tower No. 1, testified that so far as any record is concerned on the charts and time cards provided for the guidance of trainmen, there is no such thing, or no such place, as "Tower No. 1."

The only knowledge the witness had ever had of it, he testified, was from hearsay and so far as he knew no order ever had been issued for Santa Fe trains to pass there except for the two which crashed together in the evening of March 23.

Mr. Monroes thought the tower might have been designated "Tower No. 1" by the Southern Pacific Company. In Santa Fe blue prints and cards it is designated as "S. P. crossing."

As a trick dispatcher I have authority to order trains to meet anywhere, stated the witness, and he was asked to make the meet at Tower No. 1 was given to the crews of both trains, but

I sent an additional message to Third from the tower on the switch west of Tower No. 1 and remain in sight till No. 2 passed, but I did not send a copy of this message to Train No. 2."

When Mr. Monroes left the stand, yesterday afternoon, Asst. Dist. Atty. McComas announced the conclusion of testimony for the people.

Attorney Wheaton Gray, for Conductor Humble, stated that he could not offer any testimony for the defense. LeCompte Davis called the frames of the Overland, Paulus, for cross-examination.

Mr. McComas, about 4 o'clock, was obliged to ask for a continuance on account of illness which was getting the best of him after he had struggled against it all day.

The indisposition of Mr. McComas seemed to sharpen his tongue at the morning session of court, while Chief Dispatcher J. E. Butler was on the stand, and his retorts to LeCompte Davis were like the snap of a whip.

Mr. McComas asked the court to subpoena the general manager of the Santa Fe Railroad to bring a copy of the rules, but this was rendered unnecessary by the offer of the accused engineer to supply a copy.

Mr. McComas took the volume and began reading about signals to freight trains and various other matters. "What has that got to do with this case?" demanded Davis.

"You wanted the rules," returned McComas complacently, and continued reading. In reply to another protest from Davis, he said: "Be still, my friend, and listen. You may learn something."

"I've been listening for thirty years," retorted Davis. "Yes," drawled Mr. McComas, "but you haven't learned anything yet."

Mr. Butler told of giving the order for making up the student train in clearness and in the presence of a number of engineers in orders, namely, that one engineer can watch for the number on the engine and answer the signal. At this point Mr. McComas asked:

"Would a conductor of engineer be justified in moving out of a station without having seen the number of the engine on a train to me not there?"

Mr. Davis objected to this, stating that it was a matter to be settled by the rules, and not by the opinion of a witness. It was this that brought the attorney into the controversy between the attorneys.

### COURTHOUSE NOTES.

#### BRYSON CASE. The petition of

Eveline Bryson for letters of guardianship over her husband, John Bryson, Sr., which was to have been heard yesterday at 10 o'clock, was postponed until May 13. A motion to dismiss the guardian ad litem and dismiss the petition, which now ties up the executor's property, will be argued next Friday before Judge Monroe, when the alleged incompetent will probably be present.

PASADENA ELECTION SUIT. The results of a hard day's work yesterday in the Superior Court, where the contest of William Waterhouse against Thomas Earley for the Mayoralty of the City of Pasadena, was a counting of slightly more than half the votes cast in Precinct No. 1, at the March election. The agreement, has been reached in regard to the ninety or more votes alleged to have been improperly counted or left uncounted.

JUDGE SMITH'S SUIT. Judge Smith spent the afternoon yesterday in the Superior Court, where the examination by Attorney McKinley on points of the J. B. Loebe bribery case. The judge is suing the Evening News for \$25,000, as damages for alleged libel.

SUIT FOR FEE. The suit to recover \$2500 fee, brought by P. A. Stanton, a real estate agent, against George Ridenbaugh, a son-in-law of ex-Mr. Fred Eaton, in the Superior Court. The action is based on an alleged agreement of the defendant, claiming authority of the defendant, to sell the property at Nos. 26-251 South Main street, and to pay the plaintiff \$2500 in the event of a sale of the property. According to Mr. Stanton, the customer was secured, and then the agreement was broken by the defendant.

ASKER REVIEW. A. Z. Smith, the carpenter who is now in the County Jail, has written a petition to the Federal Court for a review of his case. The petition is being filed in the Federal Court for contempt, his offense being a violent arraignment of Judge James.

LADD CASE. The examination of C. B. Ladd on a charge of obtaining money under false pretenses, which was postponed by the Superior Court, is being resumed today. The District Attorney's office last month, has been reset for May 22, before Justice Stephens.

## MOTHER-IN-LAW AND WIFE FINED.

### MINISTER-BRICKLAYER ESCAPES LAW'S CLUTCHES.

Rev. M. L. Huston and Family Arraigned in Police Court—Shows Signs of Attack by Mrs. French. Jealous Husband, Accused of Cutting Wife's Gown, Sentenced.

"My wife has a very temperamental nature. She is easily excited and talks very loud," this was the explanation made by Rev. M. L. Huston, a minister and bricklayer, who lives with his wife and mother-in-law, Mrs. E. French, at No. 1119 Hobson street, when arraigned yesterday in the Police Court. After addressing the court for some time, he explained to Justice Austin:

"I'm not giving you a picture, my dear fellow, I'm merely telling you the story of my life."

The minister then said that his desire for cleanliness had caused the trouble which resulted in the arrest of his entire family. Husband, wife and mother-in-law were all charged with disturbing the peace. Women of the neighborhood looked into court yesterday and told things about the Hustons. The wife, she said, had used "swear words" and had talked in a "loud and tumultuous voice."

The mother-in-law had attacked the minister with a piece of wood. Several "swear words" and had talked in a "loud and tumultuous voice."

The court decided that the minister had been sufficiently punished and dismissed the charge against him. The wife and mother-in-law were each fined \$10. Huston said he would pay his wife's fine, but showed no desire to pay his mother-in-law's.

Rev. Mr. Huston was at one time connected with the mission work of the Church of the Nazarene.

Slashes Wife's Clothing. G. W. Kennedy, who cut up his wife's clothing, was charged with battery yesterday in Justice Frederickson's court and was fined \$25. He could not pay his fine, and so went to jail. The Kennedys have three little girls, aged 10, 8 and 6, who live at 181 Westlake avenue. The husband is said to be very jealous of his pretty wife, several mornings ago, when she said she was going to town, he is alleged, began to cut her clothing into strips to keep her at home.

"My husband," said Mrs. Kennedy yesterday, "thinks that every time I go out there is another man in the case. He would have destroyed every dress I have if it had not been for the little girl."

Mrs. Kennedy and the three little girls were in court when sentence was pronounced on the father. The husband begged his wife to pay the fine. Mrs. Kennedy had not decided last evening what to do in the matter. Her husband is all that could be desired, she declares, save for his "insane jealousy."

The latest and best stories of one of the best of our story tellers, F. Hopkinson Smith's audience grows steadily and this book will bring new readers to him by the hundred. The genial humor, tender romance, picturesque atmosphere, and strong vital characters of these stories of Stamboul, Venice, Holland, Paris, Connecticut and New York make them appeal to men and women of all ages, to every one to whom love and adventure, courage and humor and a good story well told must always appeal.

Langford of the Three Bars

A fine, stirring novel of pioneer railroad days. By Sarah Pratt Carr. The "Iron Way" is the Central Pacific Railroad. The completion of this great enterprise in 1869 provides the material for a story full of action and the power of big events. The author has made skillful use of some of the giant promoters of that day—Leland Stanford, Collis P. Huntington, Mark Hopkins, and Charles Crocker, upon whose initiative the railroad was planned and built. Of course it is not all railroad, for there is a most attractive love story involving the fortunes of Alfred Vincent and Stella Anthony, and there is plenty of lively action characteristic of California in her early days.

## EVENTS IN LOCAL SOCIETY.

**SOCIETY** will be much interested as well as surprised to learn of the engagement of Miss Belle H. Wiley to Edward R. Young, which is announced today by the bride's mother, Mrs. Henry C. Wiley, No. 1342 West Seventh street.

Miss Wiley is one of the popular belles of exclusive circles and has since her debut been much entertained, being a favorite among her young friends. She is decidedly pretty and attractive, with dark brown hair and blue eyes, and possesses a distinctive style. Mr. Young has made his home here a number of years, and is well known in professional and social circles, having been for a number of

years in the law. The wedding is to take place tomorrow evening in St. Paul's Pro-cathedral, only immediate relatives being present.

Mr. Young and his bride will go for a short trip, after which they will be at home at No. 1342 West Seventh street for the present.

**Miss Belle Wiley.** society beauty, whose engagement to Edward R. Young is announced today.

**Misses Hamilton.** The picturesque home of the Poyas, situated on the promontory overlooking the arroyo and sun-kissed hills, was the scene on Sunday of a charming tea given by the Misses Cora and Edna Poyas, as a compliment to Harry Hamilton and his charming wife, who will leave soon for the East, en route for Europe.

Mr. Hamilton has for a number of years been director of the Woman's Orchestra, in which the Misses Poyas are interested materially. In fact, they were organ and concert-master, and through their efforts and those of Mr. Hamilton, the organization has taken a stand among the first musical organizations of the country.

A large number of friends greeted Mr. Hamilton and his wife, and an excellent musical programme added zest to the afternoon.

The wide veranda, which flings its length across the entire front of the house, was decorated with wild flowers, and here tea was served. Mrs. Bailey presiding, assisted by Mrs. Dwight. Around the corner on the greenward a number of daintily dressed girls served punch. Assisting the hostess were their mother, Mrs. B. C. Poyas, and sisters, Miss Mary Poyas and Mrs. Thomas L. Wooten, and Miss Victoria Wintner, and others.

In the music-room and drawing-room great clusters of ornate Beaulieu roses beneath the candlelight glowed with artistic effect.

A number of leading artists of Los Angeles gave numbers, and among others Henry H. Balfour, the young English baritone, was much enjoyed and in splendid voice. His wife, Mrs. Balfour, formerly a Los Angeles girl, was heard for the first time since her trip abroad. Her voice is a charming soprano of unusual clarity and sympathetic quality. Miss Blanche Ruby, the brilliant young coloratura soprano, sang, giving great pleasure, sweetness, brilliance and much dramatic power are evidenced in her voice, which is possessed of an unusual degree of warmth.

Particularly interesting were the group of songs given by Estelle Heatt, all of which were composed by Count Wachtmeister, who accompanied Miss Heatt on the piano. Particularly beautiful was the Swedish song, which Count Wachtmeister composed especially for Miss Heatt. A song full of the deep and mellow tones, well suited Miss Heatt's rich voice; rich with feeling and intemperament. The other songs were most interesting and possessed of tender melody.

**Miss Collier Entertains.** Miss Margaret Collier of No. 3228 Kingsley street, assisted by her father, Robert M. Collier, entertained at an old-fashioned dinner and afternoon musicale, Mrs. A. R. Chadwick, Miss Nina Chadwick, Mrs. A. Francisco, Mrs. N. Eastway, Mrs. G. Edwards, Miss Nettie Edwards, Mrs. F. B. Hopkins, Mrs. E. Gorton, G. Edwards, F. B. Hopkins and Robert B. Collier, nearly all the party being ex-residents of the Wolverine state.

**Spanish Iris and water fountains** completed the charming decorations. Guests included Misses C. B. Nichols, Lewis Clark Carlisle, Edward C. Magowan, George Pounder, J. C. Shetler, Charles Lovell, O. C. Sosa, Harold Newlin, George Jones, L. H. Dutton, E. Benson, R. W. Kinsey and Miss Frances Lawrence. Mabel Lyster, Gertrude Freeman, Clara Rocher and Lee Rocher, Miss Freeman won the first prize, a set of silver bodice, and the second was captured by Mrs. L. H. Dutton and was a Kago plate adorned with a golden fish. Mrs. Jones won the third, a salad bowl, adorned with fish and net.

Club members present were Misses William English, Emma Harvey, J. P. Glick, Harry Arnold, Lester Bennett, Gladys Enell, Rollo Enell, W. J. Harvey, Florence Bennett, Thelma Pugh, and others.

**Misses Gough's Entertainment.** The Misses Gough gave a charming concert, assisted by their small kindergartners of Westlake School, at which a large number of interested parents and friends were present. The children all performed with remarkable ease and grace, and every part of the programme was given to the satisfaction of the audience. In the solo and class work, the climax of the performance was the "Rainbow Fantasia," in which the children, flower costumes, appeared, and also sang the "Anvil Chorus" from "Il Trovatore." Miss Nora Dineen contributed some artistic violin numbers, and later an informal reception took place.

**Wishon's Return.** Mr. and Mrs. W. W. Wishon have returned to Los Angeles, after an extended trip to Portland, Ore., and New York City, and returning via Tucson, where Wishon has mining interests. They were accompanied by Mr. and Mrs. L. S. Thomas of Portland, who spent several days in Los Angeles before resuming the journey northward.

**Miss Troceni's Bride.** Late yesterday afternoon an interesting wedding was solemnized, the bride being a daughter of one of the pioneer Spanish families of the city, Miss Carolina Troceni, and the groom, Archibald Holliday. The pretty ceremony took place at the home of the bride's parents, Mr. and Mrs. Julian Troceni of No. 1115 South Grand avenue. Joseph Glass officiated and Miss Maria Lopez played the wedding music, including "Evening Star" from "Tannhauser," and the wedding march. Dr. M. Fernandez sang "O Promise Me" during the ceremony. The bride was charmingly decorated throughout, and in the living room and reception hall, many wedding bells and asparagus plumes formed an exceedingly attractive effect. In the drawing-room and dining-room, pink daisies roses and sweet peas mingled their fragrance.

The bride was a lovely picture, wearing a robe of white lace and a veil of white tulle. She carried a bouquet of white sweet peas and maidenhair ferns. Her sister, Miss Clara Troceni, was maid of honor, and she was groomed in pale blue tulle and lace and carried a shower of Enchanted Star. The bridesmaids of Pennsylvania stood with the groom. After the ceremony an informal reception was held in the drawing-room and dining-room. The couple left last evening for a brief wedding journey, and will visit the groom's home in Death Valley while away.

After September 1, they will be at home at the new home, which Mr. Holliday has built and furnished as a wedding gift for his fair bride.

**Davidson's Reception.** Mr. and Mrs. Morace N. Taylor entertained with an informal dinner last evening in their handsome new home, a complimentary to Mr. and Mrs. G. A. Davidson, who leave today for San Diego, where Mr. Davidson goes to take a position as president of a young woman's graduate of Cumucock School. Mrs. J. W. Barnum gave some enjoyable vocal music and Miss Lucy Pullaway and Gladys Toomey contributed piano music.

Guests for the evening included Dr. Samuel P. McKinnery, Rev. and Mrs. David B. Loughborough, Mr. Wood, Mr. Vanderbeck, Mrs. Nell McIntyre, Mrs. J. W. Barnum of Wisconsin, Miss Lulu Morris, Miss Gladys Toomey, Mr. Eldred, Miss Skewes, Mrs. Warren A. Wing, Mr. and Mrs. William Goodwin, Mrs. F. A. Few days ago Mrs. Frank L. Botsford of West Seventh street entertained delightfully for Mrs. Stafford. The home was charmingly decorated. Leghorn hats filled with red carnations hung from the beamed ceiling. The home was decorated with red carnations and the dining-room table was decorated with a huge basket of red roses.

The wedding of Miss Stafford and Mr. Brown is to take place at noon on Tuesday at the home of the bride's sister, Mrs. W. W. Gibbs, of No. 1445 West Twenty-first street, and will be of interest to a large circle of friends.

**St. Clair's Evening.** Mr. and Mrs. Norman St. Clair of East Avenue 41 entertained most charmingly, having as guests a few neighbors and friends. The attractive home was decorated with glowing mustard and roses, and an entertaining musical programme was given.

**Mrs. Pease Entertains.** Mrs. Charles H. Pease of No. 1341 South Union avenue entertained delightfully, having as her guests members of the As You Like It Club and a number of other friends. The home was beautifully decorated in a sort of marine fashion. Fish nets in which shells were caught were draped over the walls and doorways and score cards were adorned with hand-painted sketches of fish, the work of Miss Grace Helen Pease, who also contributed harp music to the afternoon's pleasure.

Barnum gave some enjoyable vocal music and Miss Lucy Pullaway and Gladys Toomey contributed piano music.

Guests for the evening included Dr. Samuel P. McKinnery, Rev. and Mrs. David B. Loughborough, Mr. Wood, Mr. Vanderbeck, Mrs. Nell McIntyre, Mrs. J. W. Barnum of Wisconsin, Miss Lulu Morris, Miss Gladys Toomey, Mr. Eldred, Miss Skewes, Mrs. Warren A. Wing, Mr. and Mrs. William Goodwin, Mrs. F. A. Few days ago Mrs. Frank L. Botsford of West Seventh street entertained delightfully for Mrs. Stafford. The home was charmingly decorated. Leghorn hats filled with red carnations hung from the beamed ceiling. The home was decorated with red carnations and the dining-room table was decorated with a huge basket of red roses.

The wedding of Miss Stafford and Mr. Brown is to take place at noon on Tuesday at the home of the bride's sister, Mrs. W. W. Gibbs, of No. 1445 West Twenty-first street, and will be of interest to a large circle of friends.

**St. Clair's Evening.** Mr. and Mrs. Norman St. Clair of East Avenue 41 entertained most charmingly, having as guests a few neighbors and friends. The attractive home was decorated with glowing mustard and roses, and an entertaining musical programme was given.

**Mrs. Pease Entertains.** Mrs. Charles H. Pease of No. 1341 South Union avenue entertained delightfully, having as her guests members of the As You Like It Club and a number of other friends. The home was beautifully decorated in a sort of marine fashion. Fish nets in which shells were caught were draped over the walls and doorways and score cards were adorned with hand-painted sketches of fish, the work of Miss Grace Helen Pease, who also contributed harp music to the afternoon's pleasure.

**Spanish Iris and water fountains** completed the charming decorations. Guests included Misses C. B. Nichols, Lewis Clark Carlisle, Edward C. Magowan, George Pounder, J. C. Shetler, Charles Lovell, O. C. Sosa, Harold Newlin, George Jones, L. H. Dutton, E. Benson, R. W. Kinsey and Miss Frances Lawrence. Mabel Lyster, Gertrude Freeman, Clara Rocher and Lee Rocher, Miss Freeman won the first prize, a set of silver bodice, and the second was captured by Mrs. L. H. Dutton and was a Kago plate adorned with a golden fish. Mrs. Jones won the third, a salad bowl, adorned with fish and net.

Club members present were Misses William English, Emma Harvey, J. P. Glick, Harry Arnold, Lester Bennett, Gladys Enell, Rollo Enell, W. J. Harvey, Florence Bennett, Thelma Pugh, and others.

**Misses Gough's Entertainment.** The Misses Gough gave a charming concert, assisted by their small kindergartners of Westlake School, at which a large number of interested parents and friends were present. The children all performed with remarkable ease and grace, and every part of the programme was given to the satisfaction of the audience. In the solo and class work, the climax of the performance was the "Rainbow Fantasia," in which the children, flower costumes, appeared, and also sang the "Anvil Chorus" from "Il Trovatore." Miss Nora Dineen contributed some artistic violin numbers, and later an informal reception took place.

**Wishon's Return.** Mr. and Mrs. W. W. Wishon have returned to Los Angeles, after an extended trip to Portland, Ore., and New York City, and returning via Tucson, where Wishon has mining interests. They were accompanied by Mr. and Mrs. L. S. Thomas of Portland, who spent several days in Los Angeles before resuming the journey northward.

**Miss Troceni's Bride.** Late yesterday afternoon an interesting wedding was solemnized, the bride being a daughter of one of the pioneer Spanish families of the city, Miss Carolina Troceni, and the groom, Archibald Holliday. The pretty ceremony took place at the home of the bride's parents, Mr. and Mrs. Julian Troceni of No. 1115 South Grand avenue. Joseph Glass officiated and Miss Maria Lopez played the wedding music, including "Evening Star" from "Tannhauser," and the wedding march. Dr. M. Fernandez sang "O Promise Me" during the ceremony. The bride was charmingly decorated throughout, and in the living room and reception hall, many wedding bells and asparagus plumes formed an exceedingly attractive effect. In the drawing-room and dining-room, pink daisies roses and sweet peas mingled their fragrance.

The bride was a lovely picture, wearing a robe of white lace and a veil of white tulle. She carried a bouquet of white sweet peas and maidenhair ferns. Her sister, Miss Clara Troceni, was maid of honor, and she was groomed in pale blue tulle and lace and carried a shower of Enchanted Star. The bridesmaids of Pennsylvania stood with the groom. After the ceremony an informal reception was held in the drawing-room and dining-room. The couple left last evening for a brief wedding journey, and will visit the groom's home in Death Valley while away.

**BARGAINS IN Oriental Rugs**  
Some people have an idea that when an Oriental Rug is offered at an apparently low price it must be a "bargain," no matter what the quality, colorings and general condition of the rug may be. Long experience has taught us, however, that unless an Oriental rug is good it is not a "bargain" at any price. In our opinion the best "bargains" in Oriental rugs are good, reliable, and artistic rugs at reasonable prices, and that is the kind of "bargains" we are offering every day and which has made our store the "Mecca" of genuine "bargain" seekers in Oriental rugs.

## SHINNING FOR THE SHRINERS.

Committees Are Rushing to the Finish Now.

Eat, Drink, Never Sleep, and Be Very Merry.

Magnificent Pageants Are the Features.

There have taken on the "busy" in both Florida and Shrine quarters as the final touches are being put on by all the committees, preparatory to the coming of next week's thousands of guests across the sands of the desert.

E. H. Herron and his committee, consisting of M. A. Hamburger, A. K. Brauer, Oscar C. Morgan and John Luckenbach, have their hands full with the finances and the electrical and floral pageants, but will have everything ready to move at the appointed time.

E. W. Blanchard and his Floral Decoration Committee yesterday had several samples of the proposed decorations of the street-lamp posts placed in the neighborhood of the Courthouse. The most attractive one consisted of two date-palm branches wired to the post, the tops coming just under the electric globe, and a small wire hanging basket hanging between the branches, filled with a mass of bloom all of one kind. The posts looked much like the electric poles, and the effect tropical.

Every estimate of the number of visitors being surpassed by the records at the registration bureau, where accounts have been kept of hotel accommodations engaged, and the number estimated to arrive in the early days of next week has climbed to about 40,000.

Our visitors will find the most complete preparations for their reception, and will be relieved of even looking after their own baggage. They will be met at the railway stations, personally conducted to their hotels, for which all arrangements are made in advance; will go to headquarters in the Masonic Temple, register and receive their official badges and a book containing sixteen copies, entitling them to all the complimentary events offered by their hosts. Special wagons will immediately transfer their guests from the railway stations to their hotels, while any ladies who accompany the nobles will be met at the hotels in special cars. The patrols of this city and San Francisco will escort the arriving organizations on a few of the earlier special trains.

A few of the earlier special trains are scheduled to arrive on Saturday, and twenty are expected on Sunday, and a total of between thirty-five and forty will arrive over the three transcontinental lines in time for the fiesta de las Flores on Friday. In addition to these, from one to five special cars will be attached to every regular train, bearing the representatives of the Temple, St. Joseph, and the other friends, will arrive in two sections, on Sunday evening. Medina Temple of Chicago will also have two trains.

The registration bureau will be opened in the Masonic Temple on Saturday, under the direction of Oscar Morgan. His chief of staff will be Miss Whitlock and she will be assisted by a dozen other young women. With the card system of the bureau, the visitors to the city may be ascertained in a moment. There will be a postoffice, telephone office, telephone exchange, a ticket-validation bureau with special information bureau.

FOR IMPERIAL PARTY. The committee of which Fred A. Hines is chairman has charge of the reception and entertainment of the Imperial Council, and their families, consisting of about 250 people. Mr. Hines will open his office in the lobby of the Alexandria Hotel, which will be the official headquarters, on Saturday afternoon at 3 o'clock, at which hour there will be a meeting of his entire committee. The ladies of his committee will meet at the same hotel tomorrow afternoon, to complete arrangements for the social welfare of their guests. This full committee is as follows, having been completed yesterday:

Noble Fred A. Hines, chairman; Mrs. C. A. Rader, chairman ladies; committee: Noble J. W. A. Off, secretary; Noble J. A. Arnold, George H. Ballou, Henry Barr, Frank Bryson, Arthur P. Chipron, Charles Campbell, J. A. Dunham, J. W. F. Dias, John W. Edwards, J. A. Foshay, L. J. Gibson, Edwin Reed Graham, Fred Herr, John R. Haynes, W. R. Harvey, W. A. Hammel, M. R. Huff, Coronado, J. Fred Maier, Dan Murphy, Nathan

Among the new entries for the electrical pageant is one by the San Pedro Chamber of Commerce that promises to be a magnificent attraction. It will represent a full-sized ship, 20 feet in length, outlined in colored lights and adorned with flowers. It will be named the "San Pedro," and will have a crew of half a dozen young ladies of the coast city, and an equal number of outsiders in nautical costume.

There are many recent entries for the floral parade, including persons well known in society circles, and the greatest and most magnificent pageant of the kind ever attempted is assured. It has just been decided that the Troop of the National Guard, will appear in the floral parade, wearing their new full-dress uniform for the first time.

E. H. Brewster, booster for the Montana contingent, went to Beatty yesterday to meet his delegation, and will engineer their movement while here. They notified him the other day that he could have \$600 to spend on the blouses for his contingent. "Not enough," and immediately got the answer: "Double it, then," and he's building on the \$1200 basis.

BOULEVARD RIGHT OF WAY. Clifton Axtell, an attorney for S. M. Seaton, a non-resident, offered yesterday to sell the Board of Supervisors a right of way for Sunset boulevard across the Seaton lot near Earl street, whereon has been maintained a fence for some time past. His price is \$500, which he claims is the same proportion, while the electric company has paid for its right of way. Ugly ditches have been made in the road, which now uses this lot without legal right, it is claimed, and some one is likely to be injured and bring suit against the county for damages. An investigation made by County Supervisor Noble showed that the county has no decided rights of way across eight or nine lots in this tract and the whole affair has been referred to the District Attorney and County Surveyor for settlement about. For a while the building of the new Sunset boulevard there has been trouble over the settlement of these claims.

SNOWS IN IOWA. DES MOINES (Iowa) April 29.—A heavy snow storm prevailed here today. Further damage to small fruit is feared.

There are many recent entries for the floral parade, including persons well known in society circles, and the greatest and most magnificent pageant of the kind ever attempted is assured. It has just been decided that the Troop of the National Guard, will appear in the floral parade, wearing their new full-dress uniform for the first time.

E. H. Brewster, booster for the Montana contingent, went to Beatty yesterday to meet his delegation, and will engineer their movement while here. They notified him the other day that he could have \$600 to spend on the blouses for his contingent. "Not enough," and immediately got the answer: "Double it, then," and he's building on the \$1200 basis.

BOULEVARD RIGHT OF WAY. Clifton Axtell, an attorney for S. M. Seaton, a non-resident, offered yesterday to sell the Board of Supervisors a right of way for Sunset boulevard across the Seaton lot near Earl street, whereon has been maintained a fence for some time past. His price is \$500, which he claims is the same proportion, while the electric company has paid for its right of way. Ugly ditches have been made in the road, which now uses this lot without legal right, it is claimed, and some one is likely to be injured and bring suit against the county for damages. An investigation made by County Supervisor Noble showed that the county has no decided rights of way across eight or nine lots in this tract and the whole affair has been referred to the District Attorney and County Surveyor for settlement about. For a while the building of the new Sunset boulevard there has been trouble over the settlement of these claims.

## For the Better Class of Homes

A District Without a Drawback

—Prices Represent the Intrinsic Value of the Property—

Los Angeles is famous for its beautiful and artistic homes. There are dozens of small neighborhoods highly improved, but without exception they are crowded between other neighborhoods of less desirability.

Hollywood, with its charming locations, is marred by irregular streets of various widths and running in all directions without regard to symmetry or convenience, and, like Los Angeles, the attractiveness of a home is ruined by the sprinkling of small, ill-kept houses and cottages.

To supply the demand for high class property which would afford a complete district for the better class of homes, Beverly Hills was designed.

A great park in character, it includes a high elevated mesa terminating in picturesque foothills—the latter being reserved for individual country places.

Even this portion of the district—the foothill country places—enjoy city conveniences such as sewer, gas, water, electricity, improved streets.

It may seem worthy of second thought, that while many of the better portions of Los Angeles, thickly built up, lack sewer connections, even the most remote country places on the highest points of Beverly Hills have this improvement.

The landscape architecture of Beverly Hills was studiously worked out by one of the foremost firms of Boston.

The district is harmonious and artistic.

Broad avenues sweep gracefully around, affording an endless choice of locations—lots varying in shape, elevation and size.

Four chief parks add a touch of pleasing refinement.

Truly a great park—a palatial show place with miles of superb avenues (cement walks and curbs, parkways set with trees) and decorative trees.

Beverly builders.

In seeking a home, the buyer will not care for the location of the house, but for the location of the house.

The best thing that can be provided is to be at Beverly Hills.

### HALF BLOCK CAR SKIDS.

Going Sixty Miles an Hour on Pico Street, Auto Finishes Quick.

While driving a heavy racing car at a speed of perhaps sixty miles an hour along West Pico street yesterday afternoon, Leigh Lynch of the Lord Motor Car Company narrowly escaped being dashed to death. At Hope street the wheels skidded on the wet pavement. So high was the speed that the car slid half a block and crashed into the curbing of the street. Lynch was buried in the wreckage, his leg was severely mangled, and he sustained many bruises. He may not be able to drive in the auto races Saturday. His companion, Claude Van Dyke, was hurled twenty feet against a billboard at the side of the street. He was bruised.

Lynch was "trying out" the car, and was going at almost top speed, paying no attention to the law. In the collision, the auto, which was going west, was hurled into the air and turned right about, toward the east. The wheels were demolished and the front end was crushed.
